GUIDANCE MEMORANDUM¹ No. 35-11

Issue Date: April 1, 2011

Subject: Receipt of Electronic Correspondence from the Agency

The purpose of this memorandum is to provide guidance regarding the receipt of documents, orders, or notices to a company or permittee in an electronic format. The use of email is considerably more efficient and cost effective for a company or permittee as well as for the Mined Land Repurposing (MLR) program. While the MLR has already implemented delivery of electronic documents, this memo clarifies the procedure to request receipt.

The MLR has the technology to e-mail documents, orders, or notices to the company, permittee or their designee. Included in this memorandum is the procedure to request this service. Please note that these documents or notices and orders will not contain a signature.

If you wish to receive correspondence and enforcement documents from the MLR electronically, please submit MLR form [DMLR-PT-265](#) to the attention of the Technical Services Manager at the MLR, 3405 Mountain Empire Road, Big Stone Gap, Virginia 24219. Please identify the person and his/her email address to which the MLR correspondence/documents should be sent. This person should have the authority to act on behalf of the permittee, such as to commit the permittee's resources and request administrative review of MLR decisions and actions. You may also e-mail your request to the MLR at minereturposingnotifications@energy.virginia.gov.

Should you have any questions regarding this guidance memorandum, please contact the Technical Services Manager 276) 523-8100.
